

PRIVATE and **PUBLIC** stops

What are they?

The Mobile Market will no longer have individual vouchers for everyone at a location. There will be limited quantities of vouchers available at the locations, which will be passed out on a first-come, first-served basis. Residential buildings that the Mobile Market visits will be **PRIVATE** events that are only open to those who reside within the facility.

Others must visit one of the **PUBLIC** stops that voucher books have not been passed out to obtain a voucher. All schedules moving forward will indicate if stops are **Private** or **Public**. Customers are still welcome to shop using cash, card, EBT, SNAP, and any other payments that are accepted on the Mobile Market so they can receive groceries at market value.
